On this site, you can find the **complete menu** of Lagos Island from Waltham Forest. Currently, there are **15** dishes and drinks up for grabs. The overall atmosphere of the restaurant is lacking, with outdated decor and unkempt surroundings. The food quality is subpar, with dishes lacking flavor and improper seasoning. Additionally, the prices do not reflect the quality of the food being served. However, the service provided by the staff is exceptional, with friendly and attentive employees. The restaurant is a good spot for socializing and enjoying Nigerian cuisine, such as white rice and ayamashie. Overall, the establishment has potential but could benefit from improvements in food preparation and upkeep of the space.
